NUMBER 1.

High-Lights Recently Seen On The Recent Political Campaign

One of the notable features of the recent national campaign was the extensive use of the radio—far more than four years ago.

The radio is proving the chief instrument through which the American people are made "politically conscious—political minded."

The radio was one of the factors that caused the expenditure of more than \$13,000,000 by the combined parties.

The Radio brings every nook and corner of the nation "ear-to-ear" and makes all sections, all interests into one great audience for governmental education.

The campaign was marked by too much uncalculated unkind expressions, especially toward the president... there has never been any grounds in this nation to charge anyone with designs of "dictatorship"—or any desire to do away with the constitution—regardless of the ideals one has in the good old USA. He loves his nation far above all else.

Some people actually thought that if a Democrat was re-elected president this nation would absolutely stray away from our democratic ideals. Not but a mere handful think that now after the election.

Only one great issue came to the footlights this time, and that was the Social Security Act. And that was far late in the campaign. That Act was the greatest piece of legislation ever enacted by this nation and was passed by ALL parties and shades of opinion. It covers so much ground, is so far reaching into every life and happiness of this nation that, maybe, no man can fully see what it means to the social security and protection of the masses of laboring people. It will become more and more apparent to the people as the years pass until the time of its full maturity, and then the working people of the nation will possess the control and use of the money power of this nation. It means insurance for the aged worker, and protection for the unemployable unemployed man and woman. The Social Security Act payments are NOT a tax to support the government but a method of laying up a reserve fund, for those who will need it, under the protection of the national government. Once it is fully started and understood, no power in this nation can take it away from the people—the people are the government and the better they are educated to a principle the stronger the government becomes. So much for THAT.

The campaign developed a set of men and women, who, hereafter, must spend their life without a "party." Who are they? None other than the so-called "Jeffersonian Democrats." What a pity to tag

on the name of America's great real Democrat to a bunch of displeased politicians, namely Al Smith, John W. Davis, Bainbridge Colby, and down here in Texas the notable Joseph W. Bailey, who tries to ride the nation on the back of his famous father. The Republican party certainly does not cherish bolters of this kind—and certainly the Democrats have no place in their camp for men whom they have honored and boosted and now go straying off as enemies. Let 'em form a new party like Lempke or some others. In the future listen for the voice of the "J. Democrats." We might suggest that the "J" should stand for another word, not Jefferson.

Another particular feature of the campaign. It did not disturb business as is the custom. Business has gone on better and better. Everybody seems to think this nation is on a sounder basis than ever before.

The recent vote indicates that the people are not going to let "big business" be the government" but the government is going to govern big business. That big business will be better off if protected from its own uncontrolled power. This nation needs and will always have "big business" but at the same time small business as well must be present and protected—and the trend of the vote says America will continue to lead the world in individual enterprise. Local conditions, inventions, foreign situations, populations, resources, education, communication and a thousand things are to be met and resolved for the safety and happiness of our people. Ideals are to control and not party in the future.

A FEW more interesting "side lights" are likely next week.

REV. LONGINO IN HOUSTON CONF.

Tuesday afternoon, Rev. Hugh A. Longino, pastor of the Hamlin Methodist Church, left for Houston, to attend an unusual conference of the Methodist Churches of this state.

Usually conferences are held in districts, but this year as a Centennial Celebration of the Methodist Church in Texas a joint conference is being held in the historic city of Houston.

According to what we learn of the plans from Rev. Longino, the several district conferences will meet as usual, but all in that one city. Each conference being held in separate halls, and from time to time a general conference or program in the Centennial Meeting.

REV. LONGINO HAS GOOD REPORT

Before leaving Hamlin, Rev. Longino called at the Herald and he said his report was very good indeed and from what he said we agree with him fully. And there is nothing we delight in hearing than a good report from a Hamlin church.

Rev. Longino says:
* * * * *
* "The Methodist Church closes *
* year with all local bills paid in *
* full. The church has no bills *
* outstanding. All property *
* cleared of indebtedness. *
* "In past two years 100 mem- *
* bers have been added. *
* "The church is well organi- *
* zed in all departments and *
* plans are on foot to enter the *
* New Year with a paid up *
* budget at the end of each *
* month. *
* "The Annual Conference *
* meets at Houston, Wednesday, *
* November 4th. Appointments *
* will be broadcast Sunday *
* night." *
* * * * *

The Herald will say in Brother Longino's behalf that he is a pastor well loved in Hamlin, and the better one knows him the more one will like him. Here's hoping that he will be sent back to Hamlin for longer service.

WILL ROGERS DAY AT ROTARY MEET

Wednesday, November 4th was Will Rogers Day, the birthday of the late American comedian.

In Hamlin the Rotary Club used this day as the background for their program. In the hearts of the American people, the life of Will Rogers will continue to live for the duration of this generation.

The man invited to make the Will Rogers address before the Rotarians was Principal Gordon Bennett, of the High School. Mr. Bennett presented a masterpiece of literature on Will Rogers, beginning at the tragic point just before their "great Red Bird" crash that closed the eventful life of the greatest of America's fun-philosophers of the age.

Principal Bennett's story carried one most vividly through the unwinding year of Rogers' life. The Club and a number of visitors from Stamford enjoyed the talk and paper of Mr. Bennett, to the fullest extent. Hereafter, should any club or party desire something classical and very entertaining on Will Rogers Day, keep Bennett in mind. He will not disappoint you.

Mr. and Mrs. L. F. Fannin of Odell, came down Monday to visit relatives and to visit a specialist in Abilene to see if something could be done for restoring Mrs. Fannin's eye sight. She has been blind for a long time. Mr. Fannin reports that the doctors said nothing could be done. Mr. Fannin for many years was section foreman at Pastura on the Santa Fe and is now at the Odell station.

One seldom learns while he is talking.

ASEPRM'T HORNETS STUNG THE PIPERS

This is news but not such good news to Hamlin football fans. Last Friday about sundown, there was the happiest bunch of Aspermont people that we have ever seen. They left for their fair city feeling mighty good.

A football conference game was staged on the Pipers field and even to the Hornets, a surprise was in waiting. The game waxed tight the first half and not a score was made. Then from a psychological point of attack, Coach Galloway pulled out the "first string" and gave the smaller boys a trial. Maybe so and maybe not, but that possibly gave the game to the Hornets 6 to nothing. Anyway there was a fumble, and back and back the Pipers were pushed till the danger point and there was a lull—Galloway hurled back his larger men, but to no avail. The line was crossed and that gave the visitors courage, fight and speed.

Now the way most "innocent" spectators get it—the Aspermont boys had been pounded and beaten and cuffed about so long till they have learned to get up and "git." They pulled off some of the prettiest plays ever seen. They played a nice game and won.

PLAYING STAMFORD

When you read this the game between the Pipers and Bull Dogs will have been played. That game was delayed by rain till this Thursday night. Next week we will let you in on the particulars, as may be reported to the Herald.

KIDDOES GOT A TRAIN RIDE TO CENT.

Thursday morning when the Katy pulled out of Rotan there were 180 Rotan kiddoes bound for the Texas Centennial. At Hamlin 100 Hamline Pipers got aboard and down at Stamford when the train left there were 490 bounding, whooping, happy West Texanites off for the ride of their life. Many of these children had never been on a train before, and perhaps years have passed since the sponsors rode the iron horse.

This shows what a railroad CAN do when they get up and hustle for business. They may not make much but they are training the youth to be customers of their business. Had the road advertised better they could have doubled their passenger list out of this part of the country.

Besides the 100 from Hamlin there were an unknown number who went by automobile and bus. It is an education for these kiddoes to see the big show at Dallas.

ARMISTICE DAY COMES AGAIN

Next Wednesday, Nov. 11, is a day that most American citizens take for a holiday, as a mark of their gratitude for the closing of the great World War.

The thrill of happiness still tingles the hearts of the American people when that day comes around. But when the day comes there should be also a feeling of prayer that never again may this nation be plunged into such a conflict.

BUSINESS TO CLOSE

Information from the Secretary of the Chamber of Commerce is that the usual closing of the business houses in Hamlin will take place next Wednesday.

Perhaps the grocery-markets will remain open till about 9:00 A. M. but all other places except cafes and drug stores will be closed all day.

The Herald has not learned of any special entertainment program here for the day.

Much could be said on Armistice Day and much has been said. This one next week finds dear old USA in peace with the world and itself. There is a good feeling in almost every section of the country and a feeling of better contentment in the immediate future. True this country is ready to fight again, but maybe, like some other nations, it is better to have "armed peace" than an armed war.

Regardless of how poor, how hungry, how anything, you may feel stop on Armistice Day and count up all the blessed things you enjoy this year, and then regardless of how you feel there will be plenty to make you happy.

Nothing is needed in the Herald about the results of the election, except just enough to keep the "record."

Everybody seems surprised, except Manager Mr. Farley. Everybody is happy, even the disappointed. Because after all, ALL of us have our glorious country, and we are for ALL.

MR. ROOSEVELT'S MESSAGE

"I find myself near buried under an avalanche of thousands of letters and telegrams. It is heartening to have this additional assurance that we are going forward together. I would like to thank each of you individually for your confidence and pledges of loyal support. Will each of you accept this as my acknowledgment and my thanks for your message?"

ROOSEVELT LEADS

8 TO 1 IN TEXAS

President Roosevelt led by almost 8 to 1 over Gov. Alf M. Landon in Texas, the Texas Election Bureau's Wednesday night report disclosed. Votes totaling 479,566 from 215 counties, including forty complete, showed:

President.—Landon 57,212, Lemke 1,385, Roosevelt 420,484, Thomas 485.

AMENDMENTS

State Full Control of Liquor.—For 135,772, against 174,672.

Teachers' Retirement Pensions — For 168,051, against 150,910.

Workmen's Compensation for State Employees — For 187,853, against 122,387.

Revision of Pardoning System.—For 225,268, against 88,767.

Salary Increases for State Officers.—For 172,960, against 141,053.

Limitation to Seven House Members.—For 187,766, against 115,255. (Not more than half of Texas' vote was in.)

Noel! SCIENCE
PROVES THAT
BREAD, ITSELF

*Is not
fattening*

MEAT LOAF PIE

12 slices bread
2 tablespoons butter
or drippings
1/2 cup sliced onions
1 green pepper,
sliced
1 lb. Hamburg
steak
1 teaspoon salt
1 large can tomatoes
2 tablespoons butter

Melt butter or drippings in frying pan, add onions and green pepper and cook until soft. Add steak, broken up and cook until browned. Remove crusts from bread and cut off two corners of each slice to form 12 triangles. Fit 6 triangles in bottom of buttered baking dish, points toward center. Add salt and tomatoes to meat mixture, put layer of meat on top of bread in baking dish, then layer of bread cut from slices when making triangles. Alternate layers of meat and bread until used, having meat mixture on top. Butter remaining 6 triangles of bread and place on top of meat, butter side up to form top crust. Bake in moderate oven 375° F. for about 30 minutes, until crust is brown. Serve 6.

LEADING doctors and nutritionists, in a series of laboratory tests, have found that Bread, itself, is not fattening. In one test, a large group of women were given the same amounts of the same foods, and one-half of all the food they ate was Bread. The women of normal weight neither gained nor lost. The overweight women lost weight!

Bread helps to burn up body fat, protects the body from acidosis, and supplies energy for being active.

Let science be your guide when it comes to eating Bread. And science says that Bread is your best and cheapest energy food!

THOUGHTS FOR NOVEMBER!

(An Editorial from the Rotarian Magazine)

November eleventh, the 18th anniversary of the close of the World War, will find almost 6 million persons under arms. Nations again are in a dizzying race to gain superiority in armaments. The words "the next war" have been so frequently repeated that they no longer carry the whiplash of horror.

And yet the last war is not paid for. Mars' ledger is still in the red. Many devastated villages have not been rebuilt, and will not be. Shrapnel-crippled men still hobble down the streets. In hospitals and sanitariums others cough and fight grimly on, some too terribly disfigured to be seen even by kindly visitors.

If peoples whose attitudes and desires were crystallized into decisions that led to the World War could have foreseen the results, would they have paid the price of peace whatever it might have been? Facing prospects of a war even more costly, more disastrous, will peoples today sacrifice that which is needed to make peace—not war—inevitable.

EX-SERVICE MEN
TO HEAR GARRETT

November 11th is next Wednesday, and that means Armistice Day. Armistice Day is also one of the great days of this nation, and for that matter, for the entire world.

To celebrate the day, the Stamford American Legion Post is pulling off a big banquet, according to Roy Duke, Post Commander. He was over in Hamlin last Saturday and left word for the Herald to carry for him and them their invitation to ALL ex-service men, to come over that night and join them in a big banquet, set for 8:00 o'clock.

CONGRESSMAN CLYDE GARRETT
IS TO SPEAK

Mr. Duke said that the high light of the evening would be an address by Congressman, elect, Hon. Clyde Garrett. This means a good opportunity for the men to better know their new congressman. He is a delightful speaker and every ex-service man will no doubt enjoy the banquet and his speech, especially. Roy Duke says "COME."

JACK FROST MADE

A KILLING BLOW

The average time for killing frost in this part of the state is around November 16, if we recall properly. But this year that date was moved up quite a lot.

On November 3, 1936, a killing frost came just as people were listening to the national election returns. Summer really closed with the chilly November 3.

For weeks the weather has been so damp and the vegetation was growing so rapidly, that the entire country was getting beautiful. In Hamline when the weather is damp roses and all kinds of flowers grow exceedingly well, and the last week or so there were many homes bedecked with lovely flowers.

Cotton had grown long leaves and limbs till they were hampering the "pulling" process and farmers began to look for frost to kill the stem and cause brittleness. Frost will do the trick. The cotton crop will soon be a thing of the past, and early plowing will be all the go. Quite a lot of wheat has been sown and still more will be in before hard cold starts.

Performance, Beauty and Safety Mark Chevrolet's Completely New Cars

Chevrolet's 1937 engine is completely new, but adheres closely to time-proved Chevrolet engineering principles. It is of six-cylinder valve-in-head type, smoother, more powerful, more economical, and lighter.

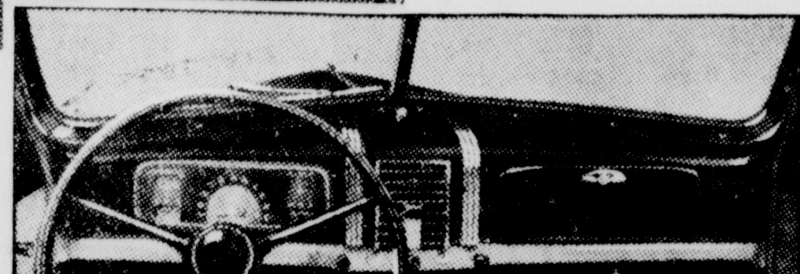

A representative model from Chevrolet's new line, typifying its beauty and grace—the Master De Luxe Sport Sedan with trunk. Note the distinctive "speed line" extending back from the side of the hood.

Luggage capacity in Chevrolet's new trunk models has been greatly increased, as has interior luggage space in other models.

Beauty and utility mark the new Chevrolet instrument panel. The windshield is of greater area, with narrow corner posts, affording better vision.

Chevrolet's fully-enclosed Knee-Action is furnished at no extra cost on the Master De Luxe models; and new Synchro-Mesh transmission, and safety plate glass all around at no extra cost, feature all models of both series.

New power, economy, durability, safety and comfort, coupled with striking new beauty, characterize Chevrolet's new models for 1937. They are offered in two series, Master and Master De Luxe, virtually identical in appearance.

Pink roses and white chrysanthemums decorated rooms in the home of Mrs. Paul Fowler, Tuesday afternoon, when she was hostess to the Colonial Contract Club. High score was made by Mrs. Tom Williams.

Following the games a plate of salads and sandwiches was served to Meses. Dee Campbell, Frank Campbell, W. S. Pike, Weldon Griggs, B. M. Brundage, Tom Williams, Bob Low, Frank Waggoner, Elmer Feagan, J. E. Moody, Turner Bynum and J. P. Morgan.

MERRY MAKERS CLUB

Mr. and Mrs. L. Griffin entertained the Merry Makers Club in their home at the Shell Pipe Line

Station Thursday evening, Oct. 29.

The usual round of merriment was enjoyed throughout the evening. The scoring in the games of 84 gave the ladies the high score.

A short business session after the games elected Mrs. Mary Farrow a member of the club.

A very attractive and delicious salad plate carrying out the theme of Hallowe'en both in color and favors was served to Mr. and Mrs. W. C. Russell, Dr. and Mrs. Joe McCreary, Mr. and Mrs. Bob Wiar, Mr. and Mrs. Ira Clements, Mr. and Mrs. Jack Mathes, Meses. H. O. Cassie, Edward Bury, Mary Farrow, Susie M. Gilbert and Mr. Lewis Ezell.

THE WOMAN'S LITERARY CLUB

Mrs. Bowen Pope directed a program on the English writer, Hugh Walpole, at a meeting of the Woman's Literary Club, Friday at 3:00 o'clock, in the home of Mrs. Mac Brundage. Mrs. Otis Hopper gave a most interesting talk on the "Life and Work of Hugh Walpole." This was followed by a review of the book "The Inquisitor," brought by Mrs. Pope. The program was concluded with a piano solo by Mrs. Frank Campbell.

WOMAN'S MISSIONARY SOCIETY

The Woman's Missionary Society met Monday afternoon in the First Baptist Church for the regular business session.

A devotional on "Christian Need" was given by Mrs. M. Y. Wilson. The theme was developed under the three following topics: "When Worried," read Matt. 6:19-

34. "When Critical," read 1 Cor. 13. "When Lacking Courage," read 2 Cor. 12:9. Hymns for the program were "God Will Take Care of You," "My Faith Looks Up to Thee," and "Yield Not To Temptation."

Health-Wrecking Functional PAINS

Severe functional pains of menstruation, cramping spells and jangled nerves soon rob a woman of her natural, youthful freshness. PAIN lines in a woman's face too often grow into AGE lines!

Thousands of women have found it helpful to take Cardui. They say it seemed to ease their pains and they noticed an increase in their appetites and finally a strengthened resistance to the discomfort of monthly periods.

Try Cardui. Of course if it doesn't help you, see your doctor.

CLOSED BIG WEEK

As a result of three weeks of feverish preparation, the Junior Class drew the curtain last Saturday night on one of the most successful Junior Carnivals that has ever been presented in Hamlin High School. The carnival is, of course, an event which everybody looks forward to and the outcome of this one was an overwhelming success and one which the Juniors are indeed proud of.

The splendid cooperation of the Seniors, Sophomores, Freshmen, the Home Economics Club and the Athletic Club in sponsoring booths is to be commended. The booths were clever, amusing and above all they were successful. Such booths as the fishpond, the Wild Man from Borneo, Little Egypt, Little Mexico, Madame Kema Keechi, Bughouse, the food booths, the program of the Athletic club, and the games sponsored by the Sophomores and Freshmen made the Carnival a success. To the sponsors of these booths the Juniors extend their congratulations and appreciation.

The highlights of the carnival came later in the program when the stunts and of course the crowning of the High School Queen were presented in the auditorium. The stunts reflected the cleverness of the classes and everyone enjoyed the comic originality of each of them. The girls of the clothing classes of the Home Economics Department modeled their kitchen aprons and afternoon dresses while the stunts were being judged.

It isn't possible to describe the beauty of the crowning of the High School Queen. It was a simple, yet, a very beautiful ceremony. Four

A COLD caused this!

"Colds" are dangerous! Leading doctors tell us that fifty per cent of all disabling diseases START with a "common cold." Thus the cold germ becomes America's Public Health Enemy Number One.

Any sudden change in temperature as you go from a warm room into a cold one disturbs the heat-regulating apparatus of the body and makes it susceptible to cold germ attacks. Even the brief time that it takes to answer the telephone in an unheated hall is sufficient. Fight against "colds." They create a condition of depressed physical vitality which is favorable to infection and aid the progress of serious organic diseases that frequently result in death.

If your home is inadequately heated . . . if you "huddle" in one room during winter, sudden temperature changes are unavoidable. Your family goes from an over-heated room where the temperature has climbed as much as ten degrees past the point necessary for comfort, into a cold hall or adjoining room; then shivering and chilled, they return to the heated room. This happens many times a day. Each time it happens they have made themselves susceptible to highly communicable winter diseases.

Fight colds this winter with proper ventilation and adequate heat in every room in the home.

. . . Lone Star Gas System

The common cold germ shows no favor. Invisible but dangerous, this Number One Enemy of Public Health skulks like a bandit of the night ready to rob you of good health.

classes and their friends waited for the final results, each class anxiously hoping that in the end their queen would win. Then as the music softened and the curtains parted, the four candidates entered, led by the Freshman representatives, Mignon Waggoner and her escort, Garland Preston. Following the Freshmen Margarice Dean and Jon Max Taylor, Sophomores, entered, then the Junior queen, Eloise Riddle and her escort, Clifford Coles, and finally the Seniors represented by Beulah Lou Burns and D. W. Carlton. The throne, the goal of every class, waited.

Then as each representative took his place on the stage and the music changed to "A Star Fell Out of Heaven" D. W. Carlton crowned Beulah Lou Burns, the Senior queen, Queen of Hamlin High School for 1936-1937. It is all over and the defeated classes are glad to extend their congratulations to the Seniors, to Beulah Lou, and to D. W. Carlton. The reasons for most of the successful events that take place are not often evident to the public. The success of our carnival, however, is due to the diligent efforts of our sponsor, Miss Pope, to the help of the business men of Hamlin, to those who helped to manage the carnival and to those who attended the show. The Junior class is indeed grateful to you for your help in making the Junior Carnival, everyone's carnival. We, too, are grateful to Miss

Ruby Dean who was kind enough to take charge of the musical portion of the program.

—Junior Reporter.

SENIORS

We are here with light hearts and high chins! We are more than happy due to the fact that our queen, Beulah Lou Burns, was crowned queen of the Hamlin High School for the school year 1936-37. The ceremony took place in the auditorium Saturday night, October 31, 1936. Altogether it was very beautiful and the queen's escort, D. W. Carlton, ended the program very nicely by placing the crown upon the queen's head.

Another highlight of the night came when we won first place on our stunt, which was a short pantomime entitled, "When the Lamp Went Out." Those who participated in this were, John F. Green, Pat Allen, Lovell Stell, Dorothy Morgan, Inez Howard and Alvis Bond.

Our booth, the Wild Man from Borneo, was also a big success. The wild man happened to be L. C. Bonds was a knock-out for this particular part. He was out of control half the time, due to the fact that his trainer, Emil Ray Farmer, was a little smaller than he was.

The Senior boys are to be congratulated on the basketball game last Monday. They beat the Juniors by a score of 21-10. The Sen-

ior girls and boys are going to play the Sophomore girls and boys next Monday night in the High School Gym. Two games are to be seen for only 5c admission.

As a result of class rally Thursday, Nov. 4, the Seniors have as their class motto "Root Hog Or Die." We think it is a motto that means something and if it doesn't it is going to. The Seniors are ambitious and when they start out to do something they usually win.

Last, but not least, we want to express our most sincere congratulations to the Junior Class as sponsors of the Carnival. We all had a delightful time and feel that no one could have done better with the Carnival than the Juniors did.

HANDKERCHIEF SHOWER FOR MRS. ALLEN

The Home-Makers Class of the First Baptist Church entertained Monday afternoon at 3:30 o'clock in the home of Mrs. Eunice Thompson, complimenting Mrs. Allen, the

class president who left Tuesday for Gustine where she will make her home.

Preceding the business session a devotional was given by Mrs. M. Y. Wilson. Mrs. Arthur Burns was elected president of the class.

Pineapple sherbert and angel food cake was served as refreshments.

Class members present were Mmes. Arthur Burns, W. R. Wilkerson, S. E. Jones, Graham, Knight, Paul Bryan, E. F. Fairey, S. M. Richardson and M. Y. Wilson. Guests were Mmes. F. I. Walker, H. E. Walker and Kincaid.

CLASS SOCIAL

The T. E. L. Class of the First Baptist Church met in their class room on October 29, for their regular class meeting and social.

The meeting opened with a prayer by the teacher, Mrs. Tom Routh.

The president, Mrs. May presided over the business session.

The class officers made reports of work in past months. Mrs. L. O. Steele, who is first vice president, offered a new plan for class enlargement. Mrs. Johnnie Hines will serve as substitute teacher for the class for November.

The class members enjoyed some needed work during the social hour. A refreshment plate was served by Mmes. Stell, Steele, Howard and May.

FRESHMAN CLASS DOINGS

The Freshman Class has selected its colors, flower, motto, and song. Our colors are blue and white, with the red rose as our flower. It is easy to see that we are patriotic as we let the colors of our flag guide us. Our song is, "Don't Give Up the Ship,"—this motto may well apply to everyone—work hard—keep trying—and don't give up the ship.

The Freshman class had a good booth at the Junior Carnival—if you missed it if you missed the best place for fun at the Carnival. Although our queen was not crowned queen of the High School we were proud of her and were good losers. We extend hearty congratulations to the Seniors; they are real "go-getters."

THE RIGHT KIND OF FRIEND

Are you the right kind of friend? You are . . .
If you love that friend sincerely.
If you are ready to lend that friend a helping hand.

If you are ready to encourage one to do his best in whatever they undertake that is to the good of himself and his fellowman.

If you are trustworthy.
If you are honest.
If you try to understand your friend.

If you hear false things about your friends, don't hesitate in correcting such things.

A friend cannot be jealous.

A friend is not deceitful.

If you always apply these rules to yourself, you can not help but gain friends—that right kind of friends—that are treasured more than gold.

WOOD FOR SALE

Plenty of wood for sale, both dead and green, at my farm at Boyd Chapel.

JUDGE L. CROW. (1-3p)

Texas is the second rice-producing state in the Union, being exceeded only by Louisiana.

E. F. Fahey received a message that his aged father in San Antonio, was not expected to live long. Mr. Fahey left at once for that city.

TURKEYS, CREAM, PRODUCE

I am anxious for you to get every cent that's coming to you for your cream, turkeys, and other produce and will do all in my power to help you get a fair price.

WESTERN PRODUCE,

Mr. and Mrs. Kelsey Chessir, of Wichita Falls, visited Misses Irene and Ruby Thompson last Sunday.

Clean System

Clear Skin

You must be free from constipation to have a good, clear complexion. If not eliminated, the wastes of digestion produce poisons and the skin must do more than its share in helping to get rid of them.

So for a clear, healthy skin, remember the importance of bowel regularity. At the first sign of constipation, take Black-Draught—the purely vegetable laxative. It brings such refreshing relief, and tends to leave the bowels acting regularly until some future disturbance interferes.

BLACK-DRAUGHT
A GOOD LAXATIVE

Mrs. Otis Hopper and Mrs. O. G. Ebert attended the meeting of the Grand Chapter of the O. E. S. which was held in Mineral Wells from Tuesday until Thursday of last week. Mrs. Hopper was the delegate from the Hamlin Chapter.

Engine is already oiled to start

IT'S OIL-PLATED

"Morning Drag" is unknown in this heatless garage. The car inside has its engine Oil-Plated for Winter. The owner outside is still six strides away from the starter button. But already his Oil-Plated engine is oiled to the top by its slippery Oil-Plating.

No waiting!

The Oil-Plating was left on last night, all over each part, from bottom bearings to topmost piston. This complete oiling IN ADVANCE that kills starting risk, comes only from the Germ Process—patented.

Quit believing that a process means nothing but refining or over-refining to make an oil winter-THIN. Although perfectly free-flowing, Conoco Germ Processed oil is not needlessly thin—and weak. For in addition to just enough of the most approved modern refining this oil is alloyed! Or speaking still more scientifically, a patented "hyper-oily essence" is added. Nothing else lets oil join up direct with metal, to Oil-Plate your engine, pep your starter, and keep every quart hoarded. Continental Oil Company
